Contract Task Order No. 0268

Subject: Waste Generated at Derecktor Shipyard, NETC, Newport, Rhode Island

Dear Mr. Shafer:

Attached is a list and description of waste generated at Derecktor Shipyard during the Site Assessment Screening Evaluation (SASE). This material was generated as a part of the sump cleaning operations conducted in July and August, 1996.

Additional waste is currently being generated and stored in drums as a part of the Drilling and groundwater sample collection efforts. These tasks will be completed September 16, 1996, and a separate inventory will be provided at that time.

I intend to meet with Brad Wheeler and coordinate disposal and analytical efforts with him next week. If you have any questions regarding this material, please do not hesitate to contact me.

Very truly yours,

Stephen S. Parker
Project Manager

SSP/gmd

CONTAINER	ID	MATERIAL	QUANTITY	COMMENTS
Roll Off Can 1	2601	Scrap Steel & Wood	30 CY	Could be classified as Oily Waste
Roll Off Can 2	No ID	Scrap Steel & Wood, Some soil, concrete debris	20 CY	Could be classified as Oily Waste
Roll Off Can 3	25-026	Scrap wood, some steel, soil and possible sandblast grit	30 CY	Could be classified as Oily Waste
Roll Off Can 4	2570	Scrap wood and soil (possible sandblast grit).	20 CY	Some free liquid present, suspect oil in soil.
Roll Off Can 5	2634	Solid Waste - soil, metal, wood, concrete.	30 CY	May contain some sandblast grit. No oil apparent
Roll Off Can 6	2606	Solid Waste - foam insulation, soil, concrete debris, some wood & scrap metals	30 CY	May contain some sandblast grit, no oil apparent
Roll Off Can 7	No ID	Solid Waste - foam insulation, soil, concrete debris, some wood & scrap metals	30 CY	May contain some sandblast grit, no oil apparent
Drums 1-18	CTO 268	Oily Sludge	900 gal	May contain traces TCE, PCE, suspected to contain PCBs
Drums 19-20	CTO 268	Oily Sludge	100 gal	May contain aromatic VOCs
Drums 21-23	CTO 268	Oily Sludge	150 gal	May contain aromatic VOCs
Drum 24	CTO 268	Detergent & Water	55 gal	
Red Frac	No ID	Oily Water	10,000 Gal	
Red Frac	No ID	Oily Water	2,500 Gal	
RWB Frac	No ID	Oily Water	7,500 Gal
